AUTHORITY AND REFERENCE

Workers' Compensation Claims Cost Benchmark and Pure Premium Rates

Pursuant to Insurance Code Section 11750.3, a rating organization may develop pure premium rates for each employee classification on behalf of its member insurers for submission to the Insurance Commissioner for issuance or approval. In addition to the proposed changes to the individual classification pure premium rates, the WCIRB submits an average pure premium rate for all employer classifications that is intended to measure the overall costs in the California worker's compensation system, which is designated as the Workers' Compensation Claims Cost Benchmark.

The Insurance Code provisions regarding workers' compensation insurance rate supervision state that the pure premium rates issued or approved by the Insurance Commissioner are advisory only, and that the Insurance Commissioner is not authorized to require insurers to use the pure premium rates issued or approved by the Insurance Commissioner. These pure premium rates are an estimate of future workers' compensation claims costs. However, all insurers must submit their rates for review to the Insurance Commissioner prior to their use, and an insurer's filed workers' compensation rates are public information.

INFORMATIVE DIGEST

Pursuant to Insurance Code Sections 11750 and 11750.3, the WCIRB has developed and submitted for the Insurance Commissioner's approval pure premium rates for use by its member insurers. The pure premium rates are advisory only, and insurers may use any set of pure premium rates that are identified in the insurer's rate filing.

The pure premium rates recommended by the WCIRB, to be effective January 1, 2020, are detailed in the WCIRB's filing and summarized below.

APPROVAL OF PURE PREMIUM RATES

Pursuant to California Insurance Code Section 11750.3, the WCIRB has proposed advisory pure premium rates for approval by the Insurance Commissioner to be effective January 1, 2020 with respect to new and renewal policies as of the first anniversary rating date of a risk on or after January 1, 2020. The average indicated January 1, 2020 advisory pure premium rate reflecting the March 31, 2019 experience is \$1.58 per \$100 of payroll. This indication reflects the WCIRB's actuarial estimate of the costs to be incurred against policies issued on or after January 1, 2020.

PROCEEDINGS NOT SUBJECT TO ADMINISTRATIVE PROCEDURE ACT

The Workers' Compensation Claims Cost Benchmark and Advisory Pure Premium Rates approved by the Commissioner pertain to the establishment of workers' compensation insurance rates. Subdivision (g) of section 11340.9 of the Government Code states that the Administrative Procedure Act [Chapter 3.5] shall not apply to regulations that establish or fix rates, prices, or tariffs, and the Office of Administrative Law has determined that these proceedings are excluded from the requirements of the Administrative Procedure Act.

The public hearing in this matter is required pursuant to subdivision (b) of section 11750 of the Insurance Code. Upon conclusion of the public hearing, the Commissioner shall issue a

final Order approving, disapproving, or modifying the rate proposed by the WCIRB.
